—MARQUEZ—

GRAPHIC DESIGNER

PROFILE

"The goal of a designer is to listen, observe, understand, sympathize, empathize, synthesize, and clean insights that enable him or her to 'make the invisible visible.' –Hillman Curtis

I am a creative person designing new material in print and online media. I like to learn new things while being organized, flexible and able to meet deadlines in a fast paced environment. I am currently working toward obtaining full time employment as a graphic designer in a position that will allow me to expand my skills and learn new trades along the way. Let's work together to create, explore, and design new things.
